

**Council on Standards for International Educational Travel (CSIET)  
Approved Outbound Programs for SY 2015-2016**

CMS does not directly place students abroad. CMS works with exchange agencies that are approved by the Council on Standards for International Educational Travel (CSIET).

CSIET identifies reputable international youth exchange programs, provides leadership and gives support to the exchange and educational communities ([www.csiet.org](http://www.csiet.org)).

The following programs have demonstrated full compliance with CSIET Standards:

**AFS-USA**
